The step by step process for assessing course outcome and Program outcome is shown below:

Abstract: Course outcome and program outcome is the base of teaching learning process in any organization. If the university doesn't provide any guidelines for any particular course than a subject teacher can prescribe CO and PO touching the depth of course. She/he may change the CO by having a worthy communication with IQAC. For each outcome performance indicators (assessment criteria) and their targets are defined. Faculty collects the University and internal assessment data and analyses the collected data. If the assessed data meets the performance targets which are specified, outcome is attained otherwise, recommends content delivery methods are recommended in terms of action plan for the course outcomes that are not attained.

Procedure:

The program outcomes are achieved through curriculum that offers a number of mandatory courses as well as elective courses.

Step 1: CO PO Mapping

Each course has defined course outcomes that are mapped to the program outcomes as shown in table below.

Where

1. Shows Low relevancy
2. Shows Moderate relevancy
3. Shows High relevancy

Course Outcome	PO 1	PO 2	PO 3	PO 4	PO 5	PO 6	PO 7	PO 8	PSO 1	PSO 2	PSO 3	PSO 4
