### **Core Values as displayed on the website**

We have committed to create and sustain the conditions that enable our students to experience an unparalleled educational journey which is intellectually, socially, and personally transformative.

Through teaching and collaborative research, we discover, design and create novel technologies and approaches to societal challenges—in service to the world, the nation, and our community. We bridge disciplines, both within management and the technology and beyond, to prepare broadly trained leaders, to advance foundational management skills, and to achieve translational impact.

We strive to develop and pursue higher standards hence we maintain quality in staffing, facilities, programs, and services. We ensure our work add value to the Institute and District. We encourage creativity, innovation, and risk-taking and utilize systems that promote student and employee success.

We assume and demonstrate responsibility for our actions related to personal and professional growth and development of our stakeholders.
